Oggetto: *Modifiche Lista WADA 2014.*

Si comunica che il CONI, con una nota in data 18 luglio u.s., ha emanato l'informativa in merito all'oggetto della presente, che di seguito si riporta, unitamente all'allegato relativo alla "Revised Prohibited List 2014":

“Si segnala che a far data dal prossimo 1° settembre 2014 entreranno in vigore alcune modifiche alla Lista delle sostanze e metodi proibiti (c.d. Lista WADA).

In particolare, l'informazione diffusa nel mondo sportivo dell'utilizzo della sostanza *Xenon* per le potenziali caratteristiche di incremento della performance, è stata oggetto di approfondimento da parte della Agenzia Mondiale Antidoping (WADA).

L'Agenzia ha infatti approvato la modifica della Lista WADA 2014, prevedendo l'inserimento nella Sezione S.2.1, fra le sostanze proibite sia in competizione che fuori competizione, degli *attivatori del fattore ipossia-inducibile (HIF)* come *Xenon* e *Argon*. Si evidenzia, altresì, che la *cianocobalamina* (vitamina B 12) non è proibita.

Detta modifica, pertanto, entrerà in vigore a far data dal 1° settembre 2014.

Si ricorda, altresì, che dal 1° gennaio 2015 entrerà in vigore la Lista WADA per l'anno 2015, che sarà reperibile sul sito www.coni.it/attivitaistituzionali/antidoping“

Distinti saluti.

Il Segretario Generale
Adriano Ruocco
